DESCRIPTION

This project provides for the planning, and design of the Pre-Release Center's (PRC) kitchen renovation and addition, which includes an expanded dining area.

CAPACITY

The population of the PRC varies from approximately 130 up to 167 residents and a staff of 67 to 68 employees operating in shifts.

JUSTIFICATION

The kitchen within the PRC was built in 1978. The kitchen was originally designed for 100 residents. There has not been any updating of the kitchen and related food service and food storage areas since 1978. The storage and work space in the kitchen is inadequate for meal preparation, service, supervision and control. The dining and kitchen area is also very small and does not support the current capacity of 167 residents and 68 employees. This project will provide a new kitchen addition, expand the current dining area, and undertake needed renovation to the existing dining and kitchen areas.

OTHER

The project provides for only the design phase. Final construction costs will be determined during the design development phase.
